Notebook Backpack Carrying Case

TA-NC2 (V1.0R)

The Notebook Backpack Carrying Case is designed to protect most 15.4” notebooks. The case features a padded adjustable sling style shoulder strap, convenience backpack style shoulder straps and a handle for comfortable carrying.

To help keep you organized the backpack includes a large front pocket to quickly store printed documents, pen loops, a key hook and a large accessory pocket for CDs, business cards, USB memory pens and more. Additional file storage and large accessory pockets are located in the laptop storage compartment. Two external mesh pockets are designed to hold water bottles, mobile phones and MP3 players.
